HIS END IS NEAR!

The Condition of General Sheridan is Very Alarming and the Gallant Hero May Die To-day.

WASHINGTON, June 1.—The following bulletin was issued at 8:45 a. m:

"8:30 a. m.-General Sheridan has held his own through the night. There has been no recurrence of imminent danger, but his general condition still justifies the gravest anxiety."

The bulletin was signed by five physicians, including Dr. Wm. Pepper, of Philadelphia, Pa.

So severe was General Sheridan's relapse yesterday afternoon that Father Chapelle was summoned to administer extreme unction, and only by rapid work was the crisis tided over. The sick man might have died at any moment.

The *Post* says the situation had become so serious that the army surgeons, who have been in charge of the case, determined to call in civilian aid. At this point a little inside history may not be out of place.

Several days after Gen. Sheridan's first attack a physician was called in, whose name has never appeared on any bulletin. He found that digitalis had been given in large quantities to a dangerous extent. He ordered its supervision and substituted strychnia, a powerful nervine. He too suggested the use of oxygen. The result of his course was seen in the long rally which followed the attack of Sunday morning and which lasted until Wednesday night.

Having given directions as to the treatment he retired, and immediately other complications arose. Among them were congestion and cough. The congestion and cough increased. When Dr. Lincoln came his keen insight disclosed the difficulty and he suggested relief. While endorsing what had been done, he had no hesitation in changing the treatment to relieve the pressure on the lungs. The general was bolstered up in bed to carry off the water which had congested the lungs, and cathartics were administered. This treatment seems to have been followed with a measure of success, but no great encouragement is now held out by any one.

At 12 o'clock it was announced that the general's condition was practically unchanged. There had been no recurrence of the heart trouble since morning.

Shortly before 3 o'clock General Sheridan was informed of the signing of his commission as general of the army and he expressed himself as extremly gratified.

The follwing was issued at 2:30 p. m: June 1, 3 p. m. No material change has occurred in General Sheridan's condition since the issue of the last bulletin and certainly no change for the worse. He has been sleeping quietly at intervals for three hours.

OVER THE ROAD.

The Geneva Counterfeiters Sentenced at Indianapolis.

Special to the Sentinel.

INDIANAPOLIS, June 1.—William Bain and Amos Walker, the two counterfeiters arrested in the northern part of the state last week, appeared before Judge Woods, last evening, and pleaded guilty, Bain to the charge of manufacturing and Walker to the charge of passing counterfeit money. Bain was sentenced to three years in the penitentiary, and to pay a fine of $100 and costs; but Walker, on account of his youth and the fact that his offense was not so serious, was let off with four months in the Hendricks county jail, and a fine of $25 and costs. Judge Woods told him that he would give him one more chance before staining his existence by a penitentiary sentence.

GEN. A. W. BIRGE.

Death of a Famous Shenandoah Commander.

NEW YORK, June 1.—Gen. Henry W. Birge, one of the famous commanders in the army of the Shenandoah during the rebellion, died this morning at the Gedney house, from paralysis. He was stricken on the evening of Memorial day. He is a native of Norwich, Conn.

Reception to Mrs. Hendricks.

Special to The Sentinel.

MARION, Ind., June 1.—The most notable society event of the season occurred here last evening, in the reception given by Mrs. Mary Humphreys and Mrs. Cary, at the residence of Col. O. H. P. Cary, in honor of Mrs. T. A. Hendricks, widow of the late vice president, Mrs. Dodd and Mrs. Stone, all of Indianapolis. About one hundred guests were in attendance.

A VIRGINIA RIOT.

The Miners of the Blue Stone District Engage in a Riot—Several Men Shot.

CHARLESTON, W. Va., June 1.—A special from Bramwell, Mercer county, says: All the miners in the Blue Stone district went out on a strike yesterday for two weeks' pay, and to add to the excitement, a negro was arrested for disorderly conduct. After the arrest it was rumored that the whites would take him from the guards and lynch him.

At 10 o'clock at night the town was thrown into a violent state of disturbance by about 100 negro miners marching to the Blue Stone inn, where the prisoner was under guard, and demanded his release.

The guards did not surrender him and the mob began firing on the building with pistols, and a general riot ensued. Several men were shot among the rioters by the members of the mob.

The whites organized and up to a late hour the mob had dispersed after several had been arrested. More trouble is expected, but owing to the inaccessability of the place, further particulars cannot be learned.

GEN. SHERMAN.

He Is Opposed to Pageants and Parades on Decoration Day.

NEW YORK, June 1.—Mayor Hewitt was not invited to take part in the exercises of Memorial day. The fact that General Sherman was not seen at any place of prominence also excited comment, and it is now learned that he not only was not invited, but when he sent a request for a ticket to the exercises at the Metropolitan opera house in the evening he was curtly informed that all the seats were sold.

As the press represented the slight to the general, he has published a letter in which he makes a plain statement of the case. In closing he says: "And now I address my comrades of the Grand Army, which made these civic ceremonies possible, as one of themselves, not claiming any privileges by reason of exalted rank and honors far above my deserts, if it is not better that we should devote decoratian day to the cemetery which contain our honored dead, and the dedication of permanent monuments in their honor for the teaching of patriotism to future generations, instead of swelling street parades and pageants for the glorification of the "Belligerant Non-Combatants," who make use of us for their own purposes.

[Signed.] Your Friend,
W. T. SHERMAN.

PERSONS OF SCHOOL AGE.

The Recent Enumeration in the Important Towns and Cities of the State.

Special to The Sentinel.

INDIANAPOLIS, June 1.—The state superintendent of public instruction has completed an enumeration of children of school age in the state, for the purpose of apportioning out the school funds for the succeeding year. As a rule this enumeration indicates pretty accurately the population on a basis of the children between six and twenty-one years, being, on an average, one-third of the whole number. According to this estimate, therefore, Indianapolis, with 44,441 school children, at present has a population of over 133,000, and Evansville, Terre Haute and Fort Wayne follow next in order.

Evansville is credited with 16,448 children of school age, Terre Haute 13,660 and Fort Wayne, 10,282.

KILLED BY A BEAR.

That Is the Fate of a Little West Virginia Girl.

CHARLOTTESVILLE, Va., June 1.—A few days ago Ben Shiplett, a farmer of this county, sent his little girl, 11 years old, to a neighboring farmer for milk. The failure of the child to return alarmed the parents, and the investigation that followed leads to the conclusion that she was killed by a bear.

A Workman Hurt.

This morning the rear portion of the old Bourie residence, on East Wayne street, tumbled down and fell on one of the workmen engaged in moving it, to give place to additions to the 'bus stable.

The man's name is unknown. He lives at No. 1 Mertz street, corner of Taylor, and was pretty badly hurt.

He has a wife and two children dependent on him.

CONGRESS.

The House Passes the Bill to Revive the Rank of General for the Benefit of Gen. Sheridan.

WASHINGTON, June 1.—Mr. Spinola, of New York, renewed his effort to have passed the senate bill to revive the rank of general of the army for the benefit of Lieutenant General Sheridan, but Mr. Kilgore, of Texas, again objected. Mr. Randall suggested the bill might be passed Monday under a suspension of the rules and it was laid over.

After some further business, Mr. Mills, of Texas, rising in his place, asked, in the name of the confederate soldiers, living and dead, that the house consider the Sheridan bill, but Mr. Kilgore persisted in his objection.

Spinalo again sought to bring the Sheridan bill before the house by asking consent to report it back from the committee on military affairs. Mr. Kilgore was induced to withdraw his objection, so far as to allow the report to be made, but Mr. Oates promptly renewed it. The republicans desiring to force an immediate consideration of the Sheridan bill, resorted to dilatory tatics and finally the objecters gave way and the bill was taken up and passed.

THE PRESIDENT SIGNS IT.

The Sheridan bill was signed and sent to the president, who approved it and sent the name of Sheridan to the senate.

THE SENATE CONFIRMS IT.

General Sheridan's nomination has been received by the senate, and that body immediately went into executive session and confirmed the nomination.

AN AFFECTING SCENE.

At 3 this afternoon Senators Hawley and Manderson drove up to Gen. Sheridan's residence with the commission which the president had just signed, making him general of the army.

They were at once admitted and were soon joined by Mrs. Sheridan. As she entered the room Senator Hawley handed her the commission, with the remark: "Madam, I hand you this with great pleasure."

Mrs. Sheridan was much moved and exclaimed: "I know he will now get well!" She thanked the gentlemen with much earnestness and retiring said, that she would at once hand the commission to the general.

JUDGE FULLER.

The senate committee on judiciary failed again this morning to reach a conclusion in regard to the nomination of Melville W. Fuller. It is understood that further information from Chicago is awaited.

The house committee on the judiciary to-day amended the senate bill relative to depositions in United States courts so as to require United States courts to conform to the state practice in taking those depositions.

A favorable report was ordered on the senate bill to make juries in the United States circuit and district courts interchangeable.

Adverse action was taken on Mr. Cox's joint resolution accepting the invitation to congress tendered by the New York executive committee to attend the celebration of the anniversary of Washington's inauguration in April, 1889, for the reason that this congress has no power to bind its successors.

The house committee on military affairs decined to report favorably on the senate bill to revive the rank of general of the army for the benefit of Lieutenant General Sheridan.

THE PRESBYTERIANS.

They Oppose the Publication of Sunday Newspapers.

PITTSBURG, Pa., June 1.—At the morning session of the Reformed Presbyterian synod of the United States, a resolution was adopted deprecating the publication of Sunday newspapers and instructing the presbyteries to prosecute, by proper discipline, all members who advertise in the same.

FATALLY SHOT.

Peter Campbell Shoots His Son-in-Law at Louisville.

LOUISVILLE, June 1.—Peter Campbell fatally shot Michael J. Eady here last night. Campbell is Eady's father-in-law. A quarrel arose in Eady's store over the alleged mistreatment of Mrs. Eady. Eady ordered Campbell out and tried to drive him with a scales weight, whereupon Campbell fired.

BERLIN, June 1.—The emperor left for Pottsdam to-day by steamer.

William H. Burgett sues the Pennsylvania Railroad company to recover $10,000 for injuries sustained in the shops of the company here. Judge L. M. Ninde is his attorney.

A WOMAN SCORNED.

Banker Rawson's Wife Shoots Her Husband's Attorney in the Court Room, Inflicting Fatal Wounds.

CHICAGO, June 1.—A tremendous sensation occurred in Judge Jamison's court shortly after 10 this morning. While the docket was being called Mrs. Meckie L. Rawson was impatiently waiting for the divorce case of her husband, Banker Rawson, to be called. Col. N. C. Whitney, her husband's attorney, was sitting at a side table writing, when the court was suddenly startled to hear a pistol shot, and Col. Whitney at once disappeared under the table.

The shot was followed by four more in rapid succession and Mrs. Rawson was seen pursuing Whitney with a Smith & Wesson 38 calibre revolver. Mrs. Rawson succeeded in emptying her revolver at Whitney before she could be captured. Two of the balls hit the lawyer, one taking effect below the groin and the other in the left leg. The wound near the right groin will probably be fatal. Judge Jamison at once ordered Mrs. Rawson's arrest and she was taken to jail.

NOT A MODEL HUSBAND.

Will F. Studebaker Sued for Divorce by His Wife on the Ground of Adultery.

CHICAGO, June 1.—The wife of Will F. Studebaker, son of one of the famous carriage and wagon making firm of Studebaker Brothers, has found life with him no longer bearable and has brought suit for divorce, alleging adultery.

Mrs. Studebaker is the daughter of Rev. Dr. Dubin, formerly of St. Joseph, Mo., and now of Kansas. Dr. Dubin is quite a celebrated divine in the west.

He founded a seminary at St. Joseph, occupying the building that afterward became famous as the World's hotel, owned by Dr. Richmond, the patent medicine man, and slayer of Colonel Strong, editor of the St. Joseph *Herald*. She was married to Studebaker about ten years ago. The couple came to Chicago, and since that time Studebaker has not always conducted himself, so his wife believes, as a moral man and husband.

Mrs. Studebaker's attorney, Edwin Walker, was much averse to having anything to say on the subject. He was sorry that the matter had become public, and said that he had tried for over a year to keep the couple together.

"Will Studebaker," said he, "seems to be utterly devoid of any morality. He is the leader of a certain disreputable clique, and is a frequenter of houses of prostitution, gambling houses, and a patron of pugilistic events.

He has been arrested time and again. His father has reasoned with him and plead with him, but to no purpose. He has left his home and the companionship of as noble a woman as ever lived to pass the time with common prostitutes. There is no excuse for him. His family have stood it just as long as they can.

KILLED ON THE TRACK.

Ward Hoover Meets Death on the Wabash Last Night.

WABASH, Ind., June 1—At a late hour last night the dead body of Ward Hoover, a well-known young man, was found on the Wabash railway track a short distance east of the depot. The body was frightfully mangled, the upper portion being torn into shreds and the head flattened out. It is supposed that Hoover was walking along the railroad track and was drawn under the wheels. He was twenty-seven years old and unmarried.

William Reed, of Hartford City, is at the Aveline house.

Charles C. Talisfero sues William C. Holopeter for $350. W. H. Shambaugh is his counsel.

W. H. Shambaugh sues Henry C. Taylor et al. to recover $100. S. R. Alden is his attorney.

THE seahorse is a curious little creature. It is not an animal, but a fish It is bony, has tufted gills, and belongs to the pipe family. It grows from six to eight inches long. The snout is prolonged and the head elevated posteriorly, very much resembling the head of a horse, the ears being represented by a spiny coronet on the occiput. The tail is long and whiplike, and without a fin. It is with the tail that these fish suspend themselves to seaweeds and other submarine objects. The eyes are prominent, and can be moved independently of each other and in opposite directions. In swimming these fish always assume an upright position.

The young ladies of the Central Grammar school excurted to Rome City this morning. The party was a pleasant one and numbered 143, and as they left the south depot there was a large crowd to bid them adieu. A number of young gentlemen from the city went with the party.

There is a new collar out. It is about four and half inches high, with a turn down of about one half inch. There is more style than beauty in the collar. In cold weather it can be thrown up over the ears, and in warm weather it allows the perspiration to drop gracefully down upon the coat collar. It's a daisy.

The trial freight train on the Wabash Sunday night proved a success. We venture to say that no citizen of the county is better fitted for the place than he is, and we hope to hear after their convention is over that he has been successful. The people will do themselves a credit by giving him the nomination."

For Lieutenant-Governor—William R. Myers, Madison.
For Secretary of State—R. W. Miers, Monroe.
For Auditor—Charles A. Manson, Allen.
For Treasurer—Thomas B. Byrnes, Vanderburg.
For Reporter Supreme Court—John W. Kern, Howard.

THE Allen county democratic convention occurs June 23.

THERE will be 820 votes in the national democratic convention, with 547 necessary to a choice.

THE corner stone of a new court house at Albion was laid this week. New public buildings seem to be the order of the day in northern Indiana.

HON. W. R. MYERS, democratic candidate for lieutenant governor, will be at the Elkhart county democratic convention, at Goshen, June 12, and will address the people on the questions of the day.

THERE are three presidential tickets now in the field. The united labor party, at Cincinnati, nominated for president Robert H. Coudrey, editor of the Chicago *Druggists' Journal*, and W. T. Wakefield, of Council Grove, Kas., lawyer and farmer. The union labor party nominated State Senator Streeter, of Illinois, president of the Farmers' alliance, for president, and Chas. E. Cunningham, of Little Rock, Ark., for vice-president, and last evening the prohibitionists nominated Gen. Clinton B. Fisk for president and John A. Brooks, of Missouri, for vice president.

THE program of the forthcoming Northern Indiana editorial meeting is not fully completed, but will be in a day or so, when it will be published. So far as arranged it is an excellent one, both for the editors and citizens of Goshen. There will be a public meeting at the opera house on the evening of the 28th, the principal features of which will be a welcome address by Mayor Miller; response by Editor Kent, of the Elkhart *Review*; an address by Hon. J. B. Stoll, of the South Bend *Times*, on "The Newspapers of the Day," music and a poem by J. P. Prickett, of the Albion *New Era*, pertinent to the occasion.

A CLOSE CALL.

Fred Meyers the Victim of an Accidental Shooting.

This morning Mr. Frank Rosselot, the Columbia street liquor dealer, started out in the country with a party of friends for a hunt. With the sportsmen was Fred Meyers, who boards with Mr. Rosselot and works for Contractor Derheimer.

About two miles east of the city the hunters encountered a barb wire fence. Mr. Meyers was the last to climb the wire. He carried a loaded rifle and in placing it out ahead of him the hammer caught on the wire and discharged the contents of the weapon. The bullet tore a furrow along Mr. Meyers vest and lodged in his right cheek, just against the cheek bone.

He was frightened almost to death and his companions brought him hastily home.

The wound is not dangerous and the ball can be extracted.

No Election in Scipio.

Authentic word comes that there was no election for congressional delegates in Scipio township. The precinct is located in the extreme northeast corner of the county and our informant, Mr. Fred Meyers, of Douglas avenue, says that no one came to the polls last Saturday afternoon, but the committeemen. A new election will be ordered, if this is true.

Aaron Barrell Again.

Aaron Barrell, an old and familiar citizen, who has a penchant for stealing, was arrested this morning for the theft of numerous articles from Ernest Leibman. Other parties complain of him.

Barrell will say guilty and take a sentence. The man was once wealthy and looked on better days.

The County Commissioners.

The county commissioners adjourned their special session yesterday. Next Monday they meet in regular session. This is the official order of business for each week of their session: Monday, liquor licenses; Tuesday, miscellaneous petitions; Wednesday, bills; Thursday, roads and highways; Friday, ditches; Saturday, miscellaneous business.

The remains of Mrs. Dr. Will Morris, who died at Fort Thomas, A. T., are en route to this city for interment at Kendallville, her old home. Pall bearers are to be selected from among her Fort Wayne friends.

A FEW POINTS

About the New York, Mahoning and Western Railroad.

Some people are stating that the New York, Mahoning and Western road has no financial backing. The writer, while at Toledo, saw approved contracts for steel rails for the entire length of the road from Red Key, Pa., to Fort Wayne, with an option from the Chicago rolling mill to furnish the same rails for the line to Chicago at prices as low as the lowest bidders. The company has contracted for its ties for the entire distance, has built large repair shops at Findlay, Ohio, and is now doing so great an amount of work in them that the Findlay Exchange has declared, by resolution, that the company has done more than it promised for that town.

The road is meeting with opposition along its entire length from rival lines, and the people who do business with them.

No man can assert, however, that the road is not being built with cash money. No one can deny that it has greater possibilities than any east and west line now in operation. No one can deny that it offers immense shop plants to Fort Wayne on terms that are above criticism. No one can deny that it will not have them erected and in operation before they can collect a cent of the appropriation asked. No one can deny that the company in a few years would return that amount back to the people through taxation channels, and no one can deny that the shops and terminal facilities of such a line would give Fort Wayne a boom, it has not experienced for a quarter of a century.

DRIVE WELLS.

The City Will Test a New Source of Water Supply.

Mayor Muhler, the water works board and the council committees met last night to talk over the proposed well water supply source.

They agreed it was feasible and just the thing for Fort Wayne. Accordingly they wired Mr. E. A. Stimson, of Dayton, Ohio, to come on at once and sink an experimental drive well.

They differ from the steam wells only that one is bored into the earth by steam pressure, while the other, as indicated, is driven down.

If the first well is successful, a sufficient number will be driven to give the city an inexhaustible water supply.

They cost $3.50 per foot for the first well, with graded reductions for other wells.

THE PROHIBITIONISTS

Place a Presidential Ticket in the Field—It is Fisk and Brooks.

INDIANAPOLIS, June 1.—At last evening's session, Mr. John Tanner presented a resolution endorsing the work of the prohibition army and of the blue and gray, which was passed amid great enthusiasm. Judge Morrow then nominated General Clinton B. Fisk for the presidency and the nomination was made by acclamation. John A. Brooks, of Missouri, was nominated for the vice presidency. Mr. Brooks was called on for a speech. He responded with thanks for the honor conferred and promised to stand by the principles of the party with his life. He urged the abandonment of sectionalism and declared that he, although once a confederate, was now a union man, loyal in all things, and would yield to no man in devotion to his country or the party which so completely exemplified the end of sectionalism. The convention adjourned *sine die*.

FOR PRESIDENT,
Clinton B. Fisk, of New Jersey.
FOR VICE PRESIDENT,
John A. Brooks, of Missouri.

The Brewer's Convention Adjourns.

ST. PAUL, Minn., June 1.—The Brewers convention adjourned sine die yesterday. The most important items of business transacted were the adoption of a report congratulating the association on its victory over the unionists in the brewers strike and thanking President Miles for his efficient labors in the contest. Newark, N. J., was selected as the next place of meeting.

The Exhibition Closed.

ROME, June 1.—The exhibition of the pope's jubilee presents at the vatican was closed yesterday. The pope in a speech announced that the precious objects would remain the property of the holy see, with the exception of the sacred vases and ornaments, which he had decided to distribute among the poor churches, each cathedral receiving one object.

The Building Boom.

Henry Jacobs has been given a permit to build a one story frame house on lot 202, Hanna's addition, to cost $500.

B. A. Rowan to build a two story frame house on lot 99, Hanna's addition, to cost $3,000.

John P. Weimer to build a one and a half story frame house on lot 125, Laselle's addition, to cost $650.

Getting Desperate.

"Who marries in May
Will rue the day,"
And still the young women will do it;
They'd rather not wait,
Their chances with fate,
And they'll wed, though forever they'll rue it.

ECHOES OF THE RAIL.

Friday's Fry of Facts as They Come from the Railroads Proves to be a Small One.

Passenger travel is not very heavy.

Workmen are still engaged in repairing the roof of the Pittsburg car shops.

A repaired baggage car left the Pittsburg car shops this mornihg for the paint shop.

Four or five trains will pass through the city next Sunday, on the Wabash, bound for St. Louis.

Several of the employes of the Pittsburg planing mills have been transferred temporarily to the car shops.

Arthur Dougal, the clerk at the Bass foundry, went to Rome City this morning to flirt with the pretty high school girls.

Work was resumed at the Fort Wayne Iron works yesterday, after the employes had laid off for a few days on account of repairs.

The emigrant business is lively. A number of them pass through the city every few days for western and northwestern points.

There was quite a crowd at the Pittsburg depot this morning when the Central Grammar school left on their excursion to Rome City.

There are a large number of excursions booked on the Pittsburg and Grand Rapids for Warsaw and Rome City this month and the excursion business will soon be lively.

The Fort Wayne Gas company are making some decided improvements around their establishment, among which is the building of a new office and work shop.

A special Wabash train, bearing Supt. K. H. Wade, Assistant Supt. Stevens, and several other officers of the road, passed through the city last evening on its way to Toledo.

Mr. Tom Meegan, the shop clerk of the Pennsylvania company in this city, has had his clerical force busy for the last few days, making up the monthly reports of the works.

The employes of the manufacturing establishments are heartily in favor of voting aid to the new railroad shops, and if the question was left to them the aid would be given by a large vote.

There has been no appointment of foreman of the Pittsburg planing mill to fill the position made vacant by the death of Mr. Gribben some time ago. The assistant foreman, Mr. John Kretsinger, is performing the duties of the office.

President Roberts and a number of other distinguished officials of the Pennsylvania road will be in the city to-morrow on a tour of the road. They come from the east with their special train, and after remaining a few hours here, will go to Chicogo.

The new vestibule train of the Wabash for use on the western division of the road, between Chicago and St. Louis, passed through the city this afternoon from Toledo. The coaches are handsome ones and the train attracted considerable attention at the south depot. It is received just in time for use during the two national conventions, and will undoubtedly prove a favorite.

Mr. Edward H. Hunsaker, who for several years has been train master of the Nickel Plate road, with headquarters in this city, has resigned that position, and Mr. Solon K. Blair, train dispatcher for the same road, has been appointed to succeed him. Mr. David H. Caldwell, the assistant train dispatcher, is thereby promoted to chief dispatcher. The changes take effect to-day.

The champion nine from the Pittsburg car shops will play a game of base ball to-morrow afternoon with the Concordia college boys. The boys from the machine shops have not yet accepted the car shop nine's challenge to play a game and the latter say that the machinists are afraid to meet them upon the diamond. When this gets to the ears of the latter there will be blood on the moon.

The Wabash vestibule train which passed through the city this afternoon is the finest train of cars ever run through the state of Indiana. It is composed exclusively of vestibule cars, manufactured at the company's shops, in Toledo. On board were General Superintendent K. H. Wade and Assistant General Superintendent G. W. Stevens, together with the division officials. The train stopped here for some time to allow the friends of Messrs. Wade and Stevens in this city a chance to inspect the train, which, Mr. Wade states, is the finest in the world of its kind.

"Every railroad," recently remarked an attorney who had figured for years in railroad litigation, "pays all the way from $25,000 to $50,000 a year in compensation for damages to cattle and horses and other animals run down on the road. And it is a curious and amusing fact that when these suits for damages are brought into court the animals which have been run down, according to the plaintiff's story, are always the best bred of the kind. The horses may be old hacks, tottering on the verge of dissolution, and the cows may be dried up affairs, with a capacity of about two quarts of milk a day, but in the language of these complaints, the horses are always thoroughbreds with a pedigree, and the cows are always pure Alderney, imported a short time previous direct from Jersey."

Neither mind nor body can act healthfully, if the blood is vitiated. Cleanse the vital current from impurities by the use of Ayer's Sarsaparilla. This remedy purifies the blood, recruits the wasted energies, and restores health to the debilitated system.

The result of yesterday afternoon's games was as follows:

National League.—Washington-Chicago, no game; rain. Philadelphia-Detroit, no game, rain. Indianapolis, 4; Boston, 3.

American association—Baltimore-Louisville, no game; rain.

Startling, if True.

The Indianapolis *Journal* says:

We gather the impression that the conduct of the Indianapolis *Journal* does not meet the entire approval of the Fort Wayne *Gazette*. As we are informed that the *Gazette* is most fondly indorsed by the democrats of that part of Indiana in which it is published, we do not wonder the *Journal* somewhat displeases it. The *Journal* is not printed for that class of people. Now is the time to subscribe.

An Imperative Necessity.

What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the gems of disease destroyed. Scrofula, Salt Rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

DON'T SCOLD

a man for groaning when he has Rheumatism or Neuralgia. The pain is simply awful. No torture in the ancient times was more painful than these twin diseases. But—ought he's a man to be blamed if, having Rheumatism or Neuralgia, he wont use Ath-lo-pho-ros, when it has cured thousands who have suffered in the same way? It has cured hundreds after physicians have pronounced them incurable.

"The skill of five physicians could not cure me of Rheumatism which had settled in the hips neck and shoulders. So intense was the pain that sleep was almost impossible. The first dose of Athlophoros gave me relief, and the third enabled me to sleep for four and a half hours without waking. I continued its use, and am now well."

You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head is affected, digestion fails, the blood becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesbarre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills."

Here is an instance of

A Physician

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes:

"Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer in their favor."

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and aperient within the reach of the profession."

WOMEN'S WORK.

The Session of the Women's Foreign Missionary Society in This City —The Meeting Closes To-Day.

The annual meeting of the Women's Foreign Missionary society, which began its session at the Berry street M. E. church yesterday morning, was continued to-day and closed this afternoon, after a pleasant and profitable session. It was attended by a large number of delegates from all parts of the district, including Auburn, Angola, Bluffton, Huntington, Monroeville, Decatur and other towns and cities in this district.

The society is an excellent educator, spreading as it does the gospel to the benighted nations of the earth and the benefit of its work for good is almost incalculable. For years it has been one of the best auxilliaries of the church and is increasing its power and usefulness every year.

The society of this district is officered as follows:

President—Mrs. Saida Hill, Huntington.

First Vice-President—Mrs. D. C. Woolpert, Fort Wayne.

Second Vice-President—Mrs. H. M. Lampert, Auburn.

Secretary—Mrs. H. D. Winch, Fort Wayne.

Corresponding Secretary—Miss Mollie Collins, Huntington.

Treasurer—Miss Carrie Smith, Fort Wayne.

A brief resume of yesterday's work was given in last evening's SENTINEL. The day's session closed at 4 p. m, and in the evening a large audience assembled at the church to listen Rev. M. M. Parkhurst, D. D., of Greencastle, Ind., who delivered a masterly address upon the subject, "The Women's Foreign Missionary Society—Its Work at Home and Abroad."

Dr. Parkhurst was a minister at Chicago, at the time of the great fire in that city, and his church and parsonage were destroyed in the mad flames that made so many people homeless. The shock of the terrible calamity caused the death of his wife and some of his children, and broken down with grief and ill health, he went abroad. He spent some years in travel over the mission fields of China, Japan and other countries, and in his discourse last night he graphically described the mission work abroad as he saw it. His address teemed with interest, and to the audience present it was a rich literary and gospel missionary treat, one that was calculated to spur the workers in the mission cause to renewed effort.

This morning the society met at the usual hour, heard the reports of committees and held the annual election of district officers. Miss Della Weaver, of Auburn, delivered an address upon Mexico, and Jennie Bumpus, of the same place, recited a selection. This afternoon the society was addressed by Mrs. D. B. Wells, of this city, Miss Jessie Heiney, of Huntington, and Miss Florence Clark, of this city, upon interesting mission subjects, after which Miss Carrie Smith, the district treasurer, made her annual report.

At the business session this morning the following officers were elected for the ensuing year:

President—Mrs. Saida E. D. Hill, Huntington.

First vice president—Miss Florence Clark.

Second vice president—Mrs. R. M. Barns.

Third vice president—Mrs. D. C. Woolpert.

Recording secretary—Mrs. H. D. Winch, Fort Wayne.

Corresponding secretary—Miss Mollie Collins, Huntington.

Treasurer—Miss Carrie Smith, Fort Wayne.

The ladies gave a lunch in the parlors of the church during the noon session.

The attendance this afternoon was larger than it has been at any other time during the session.

The report of Miss Carrie Smith, the district treasurer, was interesting and showed that the total amount raised by the society during the year was $452.48. The Berry street church of this city headed the list with $136, followed by the Methodist church at Huntington with $70.

The society will hold their session next year at Spencerville, Ind, The Fort Wayne district represents twenty-six churches.

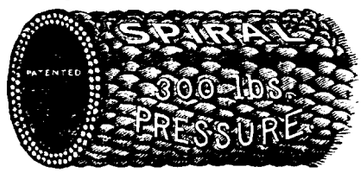
Do not buy any more "Poor Rubber Hose," but put your money in the

"Spiral" Cotton Hose.



Lighter, cheaper and better than the best rubber hose.

Made on the same principle as the rubber lined hose used in Fire Departments, which last for years.

The cotton duck used in all rubber hose draws in water, wherever exposed, as a wick absorbs oil, and being confined by rubber generates a sulphurous gas, quickly destroying the best rubber hose. The "Spiral" Hose, having no outside covering to imprison the moisture, *will dry like a towel.*

There are imitations, so buy only that which has one red line running through it, and which is branded "Spiral," patented March 30, '80. If your dealer does not have it in stock, let him get it

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of Utica, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable and said I must die. My case was so bad that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *202 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could benefit me or me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Rumpa P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

HIS END IS NEAR!

The Condition of General Sheridan is Very Alarming and the Gallant Hero May Die To-day.

WASHINGTON, June 1.—The following bulletin was issued at 8:45 a. m:

"8:30 a. m.—General Sheridan has held his own through the night. There has been no recurrence of imminent danger, but his general condition still justifies the gravest anxiety."

The bulletin was signed by five physicians, including Dr. Wm. Pepper, of Philadelphia, Pa.

So severe was General Sheridan's relapse yesterday afternoon that Father Chapelle was summoned to administer extreme unction, and only by rapid work was the crisis tided over. The sick man might have died at any moment.

The *Post* says the situation had become so serious that the army surgeons, who have been in charge of the case, determined to call in civilian aid. At this point a little inside history may not be out of place.

Several days after Gen. Sheridan's first attack a physician was called in, whose name has never appeared on any bulletin. He found that digitalis had been given in large quantities to a dangerous extent. He ordered its supervision and substituted strychnia, a powerful nervine. He too suggested the use of oxygen. The result of his course was seen in the long rally which followed the attack of Sunday morning and which lasted until Wednesday night.

Having given directions as to the treatment he retired, and immediately other complications arose. Among them were congestion and cough. The congestion and cough increased. When Dr. Lincoln came his keen insight disclosed the difficulty and he suggested relief. While endorsing what had been done, he had no hesitation in changing the treatment to relieve the pressure on the lungs. The general was bolstered up in bed to carry off the water which had congested the lungs, and catharties were administered. This treatment seems to have been followed with a measure of success, but no great encouragement is now held out by any one.

At 12 o'clock it was announced that the general's condition was practically unchanged. There had been no recurrence of the heart trouble since morning.

Shortly before 3 o'clock General Sheridan was informed of the signing of his commission as general of the army and he expressed himself as extremely gratified.

The follwing was issued at 2:30 p. m: June 1, 3 p. m. No material change has occurred in General Sheridan's condition since the issue of the last bulletin and certainly no change for the worse. He has been sleeping quietly at intervals for three hours.

OVER THE ROAD.

The Geneva Counterfeiters Sentenced at Indianapolis.

Special to the Sentinel.

INDIANAPOLIS, June 1.—William Bain and Amos Walker, the two counterfeiters arrested in the northern part of the state last week, appeared before Judge Woods, last evening, and pleaded guilty, Bain to the charge of manufacturing and Walker to the charge of passing counterfeit money. Bain was sentenced to three years in the penitentiary, and to pay a fine of $100 and costs; but Walker, on account of his youth and the fact that his offense was not so serious, was let off with four months in the Hendricks county jail, and a fine of $25 and costs. Judge Woods told him that he would give him one more chance before staining his existence by a penitentiary sentence.

GEN. A. W. BIRGE.

Death of a Famous Shenandoah Commander.

NEW YORK, June 1.—Gen. Henry W. Birge, one of the famous commanders in the army of the Shenandoah during the rebellion, died this morning at the Gedney house, from paralysis. He was stricken on the evening of Memorial day. He is a native of Norwich, Conn.

Reception to Mrs. Hendricks.

Special to The Sentinel.

MARION, Ind., June 1.—The most notable society event of the season occurred here last evening, in the reception given by Mrs. Mary Humphreys and Mrs. Cary, at the residence of Col. O. H. P. Cary, in honor of Mrs. T. A. Hendricks, widow of the late vice president, Mrs. Dodd and Mrs. Stone, all of Indianapolis. About one hundred guests were in attendance.

A VIRGINIA RIOT.

The Miners of the Blue Stone District Engage in a Riot—Several Men Shot.

CHARLESTON, W. Va., June 1.—A special from Bramwell, Mercer county, says: All the miners in the Blue Stone district went out on a strike yesterday for two weeks' pay, and to add to the excitement, a negro was arrested for disorderly conduct. After the arrest it was rumored that the whites would take him from the guards and lynch him.

At 10 o'clock at night the town was thrown into a violent state of disturbance by about 100 negro miners marching to the Blue Stone inn, where the prisoner was under guard, and demanded his release.

The guards did not surrender him and the mob began firing on the building with pistols, and a general riot ensued. Several men were shot among the rioters by the members of the mob.

The whites organized and up to a late hour the mob had dispersed after several had been arrested. More trouble is expected, but owing to the inaccessibility of the place, further particulars cannot be learned.

GEN. SHERMAN.

He is Opposed to Pageants and Parades on Decoration Day.

NEW YORK, June 1.—Mayor Hewitt was not invited to take part in the exercises of Memorial day. The fact that General Sherman was not seen at any place of prominence also excited comment, and it is now learned that he not only was not invited, but when he sent a request for a ticket to the exercises at the Metropolitan opera house in the evening he was curtly informed that all the seats were sold.

As the press represented the slight to the general, he has published a letter in which he makes a plain statement of the case. In closing he says: "And now I address my comrades of the Grand Army, which made these civic ceremonies possible, as one of themselves, not claiming any privileges by reason of exalted rank and honors far above my deserts, if it is not better that we should devote decoration day to the cemetery which contain our honored dead, and the dedication of permanent monuments in their honor for the teaching of patriotism to future generations, instead of swelling street parades and pageants for the glorification of the "Belligerent Non-Combatants," who make use of us for their own purposes.

[Signed.] Your Friend,
W. T. SHERMAN.

PERSONS OF SCHOOL AGE.

The Recent Enumeration in the Important Towns and Cities of the State.

Special to The Sentinel.

INDIANAPOLIS, June 1.—The state superintendent of public instruction has completed an enumeration of children of school age in the state, for the purpose of apportioning out the school funds for the succeeding year. As a rule this enumeration indicates pretty accurately the population on a basis of the children between six and twenty-one years, being, on an average, one-third of the whole number. According to this estimate, therefore, Indianapolis, with 44,441 school children, at present has a population of over 133,000, and Evansville, Terre Haute and Fort Wayne follow next in order.

Evansville is credited with 16,448 children of school age, Terre Haute 13,-080 and Fort Wayne, 10,282.

KILLED BY A BEAR.

That is the Fate of a Little West Virginia Girl.

CHARLOTTESVILLE, Va., June 1.—A few days ago Ben Shiplett, a farmer of this county, sent his little girl, 11 years old, to a neighboring farmer for milk. The failure of the child to return alarmed the parents, and the investigation that followed leads to the conclusion that she was killed by a bear.

A Workman Hurt.

This morning the rear portion of the old Bourie residence, on East Wayne street, tumbled down and fell on one of the workmen engaged in moving it, to give place to additions to the 'bus stable.

The man's name is unknown. He lives at No. 1 Mertz street, corner of Taylor, and was pretty badly hurt.

He has a wife and two children dependent on him.

CONGRESS.

The House Passes the Bill to Revive the Rank of General for the Benefit of Gen. Sheridan.

WASHINGTON, June 1.—Mr. Spinola, of New York, renewed his effort to have passed the senate bill to revive the rank of general of the army for the benefit of Lieutenant General Sheridan, but Mr. Kilgore, of Texas, again objected. Mr. Randall suggested the bill might be passed Monday under a suspension of the rules and it was laid over.

After some further business, Mr. Mills, of Texas, rising in his place, asked, in the name of the confederate soldiers, living and dead, that the house consider the Sheridan bill, but Mr. Kilgore persisted in his objection.

Spinalo again sought to bring the Sheridan bill before the house by asking consent to report it back from the committee on military affairs. Mr. Kilgore was induced to withdraw his objection, so far as to allow the report to be made, but Mr. Oates promptly renewed it. The republicans desiring to force an immediate consideration of the Sheridan bill, resorted to dilatory tatics and finally the objectors gave way and the bill was taken up and passed.

THE PRESIDENT SIGNS IT.

The Sheridan bill was signed and sent to the president, who approved it and sent the name of Sheridan to the senate.

THE SENATE CONFIRMS IT.

General Sheridan's nomination has been received by the senate, and that body immediately went into executive session and confirmed the nomination.

AN AFFECTING SCENE.

At 3 this afternoon Senators Hawley and Manderson drove up to Gen. Sheridan's residence with the commission which the president had just signed, making him general of the army.

They were at once admitted and were soon joined by Mrs. Sheridan. As she entered the room Senator Hawley handed her the commission, with the remark: "Madam, I hand you this with great pleasure."

Mrs. Sheridan was much moved and exclaimed: "I know he will now get well!" She thanked the gentlemen with much earnestness and retiring said, that she would at once hand the commission to the general.

JUDGE FULLER.

The senate committee on judiciary failed again this morning to reach a conclusion in regard to the nomination of Melville W. Fuller. It is understood that further information from Chicago is awaited.

The house committee on the judiciary to-day amended the senate bill relative to depositions in United States courts so as to require United States courts to conform to the state practice in taking those depositions.

A favorable report was ordered on the senate bill to make juries in the United States circuit and district courts interchangeable.

Adverse action was taken on Mr. Cox's joint resolution accepting the invitation to congress tendered by the New York executive committee to attend the celebration of the anniversary of Washington's inauguration in April, 1889, for the reason that this congress has no power to bind its successors.

The house committee on military affairs decined to report favorably on the senate bill to revive the rank of general of the army for the benefit of Lieutenant General Sheridan.

LOUISVILLE, June 1.—Peter Campbell fatally shot Michael J. Eady here last night. Campbell is Eady's father-in-law. A quarrel arose in Eady's store over the alleged mistreatment of Mrs. Eady. Eady ordered Campbell out and tried to drive him with a scales weight, whereupon Campbell fired.

A WOMAN SCORNED.

Banker Rawson's Wife Shoots Her Husband's Attorney in the Court Room, Inflicting Fatal Wounds.

CHICAGO, June 1.—A tremendous sensation occurred in Judge Jamison's court shortly after 10 this morning. While the docket was being called Mrs. Mockie L. Rawson was impatiently waiting for the divorce case of her husband, Banker Rawson, to be called. Col. N. C. Whitney, her husband's attorney, was sitting at a side table writing, when the court was suddenly startled to hear a pistol shot, and Col. Whitney at once disappeared under the table.

The shot was followed by four more in rapid succession and Mrs. Rawson was seen pursuing Whitney with a Smith & Wesson 38 calibre revolver. Mrs. Rawson succeeded in emptying her revolver at Whitney before she could be captured. Two of the balls hit the lawyer, one taking effect below the groin and the other in the left leg. The wound near the right groin will probably be fatal. Judge Jamison at once ordered Mrs. Rawson's arrest and she was taken to jail.

NOT A MODEL HUSBAND.

Will F. Studebaker Sued for Divorce by His Wife on the Ground of Adultery.

CHICAGO, June 1.—The wife of Will F. Studebaker, son of one of the famous carriage and wagon making firm of Studebaker Brothers, has found life with him no longer bearable and has brought suit for divorce, alleging adultery.

Mrs. Studebaker is the daughter of Rev. Dr. Dubin, formerly of St. Joseph, Mo., and now of Kansas. Dr. Dubin is quite a celebrated divine in the west.

He founded a seminary at St. Joseph, occupying the building that afterward became famous as the World's hotel, owned by Dr. Richmond, the patent medicine man; and slayer of Colonel Strong, editor of the St. Joseph *Herald*. She was married to Studebaker about ten years ago. The couple came to Chicago, and since that time Studebaker has not always conducted himself, so his wife believes, as a moral man and husband.

Mrs. Studebaker's attorney, Edwin Walker, was much averse to having anything to say on the subject. He was sorry that the matter had become public, and said that he had tried for over a year to keep the couple together.

"Will Studebaker," said he, "seems to be utterly devoid of any morality. He is the leader of a certain disreputable clique, and is a frequenter of houses of prostitution, gambling houses, and a patron of pugilistic events.

He has been arrested time and again. His father has reasoned with him and plead with him, but to no purpose. He has left his home and the companionship of as noble a woman as ever lived to pass the time with common prostitutes. There is no excuse for him. His family have stood it just as long as they can.

KILLED ON THE TRACK.

Ward Hoover Meets Death on the Wabash Last Night.

WABASH, Ind., June 1—At a late hour last night the dead body of Ward Hoover, a well-known young man, was found on the Wabash railway track a short distance east of the depot. The body was frightfully mangled, the upper portion being torn into shreds and the head flattened out. It is supposed that Hoover was walking along the railroad track and was drawn under the wheels. He was twenty-seven years old and unmarried.

William Reed, of Hartford City, is at the Aveline house.

Charles C. Talisfero sues William C. Holopeter for $350. W. H. Shambaugh is his counsel.

W. H. Shambaugh sues Henry C. Taylor et al. to recover $100. S. R. Alden is his attorney.

THE seahorse is a curious little creature. It is not an animal, but a fish It is bony, has tufted gills, and belongs to the pike family. It grows from six to eight inches long. The snout is prolonged and the head elevated posteriorly, very much resembling the head of a horse, the ears being represented by a spiny coronet on the occiput. The tail is long and whiplike, and without a fin. It is with the tail that these fish suspend themselves to seaweeds and other submarine objects. The eyes are prominent, and can be moved independently of each other and in opposite directions. In swimming these fish always assume an upright position.

THE corner stone of a new court house at Albion was laid this week. New public buildings seem to be the order of the day in northern Indiana.

HON. W. R. MYERS, democratic candidate for lieutenant governor, will be at the Elkhart county democratic convention, at Goshen, June 12, and will address the people on the questions of the day.

A CLOSE CALL.

Fred Meyers the Victim of an Accidental Shooting.

This morning Mr. Frank Rosselot, the Columbia street liquor dealer, started out in the country with a party of friends for a hunt. With the sportsmen was Fred Meyers, who boards with Mr. Rosselot and works for Contractor Derheimer.

About two miles east of the city the hunters encountered a barb wire fence. Mr. Meyers was the last to climb the wire. He carried a loaded rifle and in placing it out ahead of him the hammer caught on the wire and discharged the contents of the weapon. The bullet tore a furrow along Mr. Meyers vest and lodged in his right cheek, just against the cheek bone.

He was frightened almost to death and his companions brought him hastily home.

The wound is not dangerous and the ball can be extracted.

No Election in Scipio.

Authentic word comes that there was no election for congressional delegates in Scipio township. The precinct is located in the extreme northeast corner of the county and our informant, Mr. Fred Meyers, of Douglas avenue, says that no one came to the polls last Saturday afternoon, but the committeemen. A new election will be ordered, if this is true.

Aaron Barrell Again.

Aaron Barrell, an old and familiar citizen, who has a penchant for stealing, was arrested this morning for the theft of numerous articles from Ernest Leibman. Other parties complain of him.

Barrell will say guilty and take a sentence. The man was once wealthy and looked on better days.

The County Commissioners.

The county commissioners adjourned their special session yesterday. Next Monday they meet in regular session. This is the official order of business for each week of their session: Monday, liquor licenses; Tuesday, miscellaneous petitions; Wednesday, bills; Thursday, roads and highways; Friday, ditches; Saturday, miscellaneous business.

The remains of Mrs. Dr. Will Morris, who died at Fort Thomas, A. T., are en route to this city for interment at Kendallville, her old home. Pall bearers are to be selected from among her Fort Wayne friends.

A FEW POINTS

About the New York, Mahoning and Western Railroad.

Some people are stating that the New York, Mahoning and Western road has no financial backing. The writer, while at Toledo, saw approved contracts for steel rails for the entire length of the road from Red Key, Pa., to Fort Wayne, with an option from the Chicago rolling mill to furnish the same rails for the line to Chicago at prices as low as the lowest bidders. The company has contracted for its ties for the entire distance, has built large repair shops at Findlay, Ohio, and is now doing so great an amount of work in them that the Findlay Exchange has declared, by resolution, that the company has done more than it promised for that town.

The road is meeting with opposition along its entire length from rival lines, and the people who do business with them.

No man can assert, however, that the road is not being built with cash money. No one can deny that it has greater possibilities than any east and west line now in operation. No one can deny that it offers immense shop plants to Fort Wayne on terms that are above criticism. No one can deny that it will not have them erected and in operation before they can collect a cent of the appropriation asked. No one can deny that the company in a few years would return that amount back to the people through taxation channels, and no one can deny that the shops and terminal facilities of such a line would give Fort Wayne a boom, it has not experienced for a quarter of a century.

DRIVE WELLS.

The City Will Test a New Source of Water Supply.

Mayor Muhler, the water works board and the council committees met last night to talk over the proposed well water supply source.

They agreed it was feasible and just the thing for Fort Wayne. Accordingly they wired Mr. E. A. Stimson, of Dayton, Ohio, to come on at once and sink an experimental drive well.

They differ from the steam wells only that one is bored into the earth by steam pressure, while the other, as indicated, is driven down.

If the first well is successful, a sufficient number will be driven to give the city an inexhaustible water supply.

They cost $3.50 per foot for the first well, with graded reductions for other wells.

THE PROHIBITIONISTS

Place a Presidential Ticket in the Field—It is Fisk and Brooks.

INDIANAPOLIS, June 1.—At last evening's session, Mr. John Tannet presented a resolution endorsing the work of the prohibition army and of the blue and gray, which was passed amid great enthusiasm. Judge Morrow then nominated General Clinton B. Fisk for the presidency and the nomination was made by acclamation. John A. Brooks, of Missouri, was nominated for the vice presidency. Mr. Brooks was called on for a speech. He responded with thanks for the honor conferred and promised to stand by the principles of the party with his life. He urged the abandonment of sectionalism and declared that he, although once a confederate, was now a union man, loyal in all things, and would yield to no man in devotion to his country or the party which so completely exemplified the end of sectionalism. The convention adjourned *sine die*.

FOR PRESIDENT,
Clinton B. Fisk, of New Jersey.

FOR VICE PRESIDENT,
John A. Brooks, of Missouri.

The Brewer's Convention Adjourns.

ST. PAUL, Minn., June 1.—The Brewers convention adjourned sine die yesterday. The most important items of business transacted were the adoption of a report congratulating the association on its victory over the unionists in the brewers strike and thanking President Miles for his efficient labors in the contest. Newark, N. J., was selected as the next place of meeting.

The Exhibition Closed.

ROME, June 1.—The exhibition of the pope's jubilee presents at the vatican was closed yesterday. The pope in a speech announced that the precious objects would remain the property of the holy see, with the exception of the sacred vases and ornaments, which he had decided to distribute among the poor churches, each cathedral receiving one object.

The Building Boom.

Henry Jacobs has been given a permit to build a one story frame house on lot 202, Hanna's addition, to cost $500.

E. A. Rowan to build a two story frame house on lot 99, Hanna's addition, to cost $3,000.

John P. Weimer to build a one and a half story frame house on lot 125, Lasalle's addition, to cost $650.

Getting Desperate.

And still the young women will do it;
They'd rather not wait,
Their chances with fate,
And they'll wed, though forever they'll rue it.

ECHOES OF THE RAIL.

Friday's Fry of Facts as They Come from the Railroads Proves to be a Small One.

Passenger travel is not very heavy.

Workmen are still engaged in repairing the roof of the Pittsburg car shops.

A repaired baggage car left the Pittsburg car shops this morning for the paint shop.

Four or five trains will pass through the city next Sunday, on the Wabash, bound for St. Louis.

Several of the employes of the Pittsburg planing mills have been transferred temporarily to the car shops.

Arthur Dougal, the clerk at the Bass foundry, went to Rome City this morning to flirt with the pretty high school girls.

Work was resumed at the Fort Wayne Iron works yesterday, after the employes had laid off for a few days on account of repairs.

The emigrant business is lively. A number of them pass through the city every few days for western and northwestern points.

There was quite a crowd at the Pittsburg depot this morning when the Central Grammar school left on their excursion to Rome City.

There are a large number of excursions booked on the Pittsburg and Grand Rapids for Warsaw and Rome City this month and the excursion business will soon be lively.

The Fort Wayne Gas company are making some decided improvements around their establishment, among which is the building of a new office and work shop.

A special Wabash train, bearing Supt. R. H. Wade, Assistant Supt. Stevens, and several other officers of the road, passed through the city last evening on its way to Toledo.

Mr. Tom Meegan, the shop clerk of the Pennsylvania company in this city, has had his clerical force busy for the last few days, making up the monthly reports of the works.

The employes of the manufacturing establishments are heartily in favor of voting aid to the new railroad shops, and if the question was left to them the aid would be given by a large vote.

There has been no appointment of foreman of the Pittsburg planing mill to fill the position made vacant by the death of Mr. Gribben some time ago. The assistant foreman, Mr. John Kretsinger, is performing the duties of the office.

President Roberts and a number of other distinguished officials of the Pennsylvania road will be in the city to-morrow on a tour of the road. They come from the east with their special train, and after remaining a few hours here, will go to Chicago.

The new vestibule train of the Wabash for use on the western division of the road, between Chicago and St. Louis, passed through the city this afternoon from Toledo. The coaches are handsome ones and the train attracted considerable attention at the south depot. It is received just in time for use during the two national conventions, and will undoubtedly prove a favorite.

Mr. Edward H. Hunsaker, who for several years has been train master of the Nickel Plate road, with headquarters in this city, has resigned that position, and Mr. Solon K. Blair, train dispatcher for the same road, has been appointed to succeed him. Mr. David H. Caldwell, the assistant train dispatcher, is thereby promoted to chief dispatcher. The changes take effect to-day.

The champion nine from the Pittsburg car shops will play a game of base ball to-morrow afternoon with the Concordia college boys. The boys from the machine shops have not yet accepted the car shop nine's challenge to play a game and the latter say that the machinists are afraid to meet them upon the diamond. When this gets to the ears of the latter there will be blood on the moon.

The Wabash vestibule train which passed through the city this afternoon is the finest train of cars ever run through the state of Indiana. It is composed exclusively of vestibule cars, manufactured at the company's shops, in Toledo. On board were General Superintendent K. H. Wade and Assistant General Superintendent G. W. Stevens, together with the division officials. The train stopped here for some time to allow the friends of Messrs. Wade and Stevens in this city a chance to inspect the train, which, Mr. Wade states, is the finest in the world of its kind.

"Every railroad," recently remarked an attorney who had figured for years in railroad litigation, "pays all the way from $25,000 to $50,000 a year in compensation for damages to cattle and horses and other animals run down on the road. And it is a curious and amusing fact that when these suits for damages are brought into court the animals which have been run down, according to the plaintiff's story, are always the best bred of the kind. The horses may be old hacks, tottering on the verge of dissolution, and the cows may be dried up affairs, with a capacity of about two quarts of milk a day, but in the language of these complaints, the horses are always thoroughbreds with a pedigree, and the cows are always pure Alderney, imported a short time previous direct from Jersey."

Neither mind nor body can act healthfully, if the blood is vitiated. Cleanse the vital current from impurities by the use of Ayer's Sarsaparilla. This remedy purifies the blood, recruits the wasted energies, and restores health to the debilitated system.

The result of yesterday afternoon's games was as follows:

National League.—Washington-Chicago, no game; rain. Philadelphia-Detroit, no game, rain. Indianapolis, 4; Boston, 8.

American association.—Baltimore-Louisville, no game; rain.

The Indianapolis *Journal* says:

We gather the impression that the conduct of the Indianapolis *Journal* does not meet the entire approval of the Fort Wayne *Gazette*. As we are informed that the *Gazette* is most fondly indorsed by the democrats of that part of Indiana in which it is published, we do not wonder the *Journal* somewhat displeases it. The *Journal* is not printed for that class of people. Now is the time to subscribe.

An Imperative Necessity.

What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the germs of disease destroyed. Scrofula, Salt Rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. DON'T SCOLD

a man for groaning when he has Rheumatism or Neuralgia. The pain is simply awful. No torture in the ancient times was more painful than these twin diseases. But—ought he to be blamed if, having Rheumatism or Neuralgia, he went into Ath-lo-pho-ros, when it has cured thousands who have suffered in the same way? It has cured hundreds after physicians have pronounced them incurable.

"The skill of five physicians could not ease me of Rheumatism which had centered in the hips, neck and shoulders. So intense was the pain that sleep was almost impossible. The first dose of Athlophoros gave me relief, and the third enabled me to sleep for four and a half hours without waking. I consider its use, and am now well."

You Carry

A whole medicine chest in your pocket, with one box of Ayer's Pills. As they operate directly on the stomach and bowels, they indirectly affect every other organ of the body. When the stomach is out of order, the head is affected, digestion fails, the blood becomes impoverished, and you fall an easy victim to any prevalent disease. Miss M. E. Boyle, of Wilkesbarre, Pa., puts the whole truth in a nutshell, when she says: "I use no other medicine than Ayer's Pills. They are all that any one needs, and just splendid to save money in doctors' bills."

Here is an instance of

A Physician

who lost his medicine chest, but, having at hand a bottle of Ayer's Pills, found himself fully equipped.—J. Arrison, M. D., of San José, Cal., writes:

"Some three years ago, by the merest accident, I was forced, so to speak, to prescribe Ayer's Cathartic Pills for several sick men among a party of engineers in the Sierra Nevada mountains, my medicine chest having been lost in crossing a mountain torrent. I was surprised and delighted at the action of the Pills, so much so, indeed, that I was led to a further trial of them, as well as of your Cherry Pectoral and Sarsaparilla. I have nothing but praise to offer in their favor."

John W. Brown, M. D., of Oceana, W. Va., writes: "I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

T. E. Hastings, M. D., of Baltimore, Md., writes: "That Ayer's Pills do control and cure the complaints for which they are designed, is as conclusively proven to me as anything possibly can be. They are the best cathartic and aperient within the reach of the profession."

WOMEN'S WORK.

The Session of the Women's Foreign Missionary Society in This City —The Meeting Closes To-Day.

The annual meeting of the Women's Foreign Missionary society, which began its session at the Berry street M. E. church yesterday morning, was continued to-day and closed this afternoon, after a pleasant and profitable session. It was attended by a large number of delegates from all parts of the district, including Auburn, Angola, Bluffton, Huntington, Monroeville, Decatur and other towns and cities in this district.

The society is an excellent educator, spreading as it does the gospel to the benighted nations of the earth and the benefit of its work for good is almost incalculable. For years it has been one of the best auxilliaries of the church and is increasing its power and usefulness every year.

The society of this district is officered as follows:

President—Mrs. Saida Hill, Huntington.

First Vice-President—Mrs. D. C. Woolpert, Fort Wayne.

Second Vice-President—Mrs. H. M. Lampert, Auburn.

Secretary—Mrs. H. D. Winch, Fort Wayne.

Corresponding Secretary—Miss Mollie Collins, Huntington.

Treasurer—Miss Carrie Smith, Fort Wayne.

A brief resume of yesterday's work was given in last evening's SENTINEL. The day's session closed at 4 p. m., and in the evening a large audience assembled at the church to listen Rev. M. M. Parkhurst, D. D., of Greencastle, Ind., who delivered a masterly address upon the subject, "The Women's Foreign Missionary Society—Its Work at Home and Abroad."

Dr. Parkhurst was a minister at Chicago, at the time of the great fire in that city, and his church and parsonage were destroyed in the mad flames that made so many people homeless. The shock of the terrible calamity caused the death of his wife and some of his children, and broken down with grief and ill health, he went abroad. He spent some years in travel over the mission fields of China, Japan and other countries, and in his discourse last night he graphically described the mission work abroad as he saw it. His address teemed with interest, and to the audience present it was a rich literary and gospel missionary treat, one that was calculated to spur the workers in the mission cause to renewed effort.

This morning the society met at the usual hour, heard the reports of committees and held the annual election of district officers. Miss Della Weaver, of Auburn, delivered an address upon Mexico, and Jennie Bumpus, of the same place, recited a selection. This afternoon the society was addressed by Mrs. D. B. Wells, of this city, Miss Jessie Heiney, of Huntington, and Miss Florence Clark, of this city, upon interesting mission subjects, after which Miss Carrie Smith, the district treasurer, made her annual report.

At the business session this morning the following officers were elected for the ensuing year:

President—Mrs. Saida E. D. Hill, Huntington.

First vice president—Miss Florence Clark.

Second vice president—Mrs. R. M. Barns.

Third vice president—Mrs. D. C. Woolpert.

Recording secretary—Mrs. H. D. Winch, Fort Wayne.

Corresponding secretary—Miss Mollie Collins, Huntington.

Treasurer—Miss Carrie Smith, Fort Wayne.

The ladies gave a lunch in the parlors of the church during the noon session.

The attendance this afternoon was larger than it has been at any other time during the session.

The report of Miss Carrie Smith, the district treasurer, was interesting and showed that the total amount raised by the society during the year was $4259.48. The Berry street church of this city headed the list with $136, followed by the Methodist church at Huntington with $70.

The society will hold their session next year at Spencerville, Ind. The Fort Wayne district represents twenty-six churches.

That tired feeling and loss of appetite are entirely overcome by Hood's Sarsaparilla, the peculiar medicine. Try it and see.

Sheriff Viberg and Deputy Wilkinson are on the trail of the horses recently stolen from farmers on the Lima road.

Every business man and citizen should attend the session of the Exchange to-night and talk the new railroad and shop project over.

The St. Paul's Lutheran schools are closed to-day to permit the teachers to attend an examination of scholars at the Lutheran school out on the Coldwater road.

The New York, Mahoning and Western road will be in operation through Fort Wayne before the snow flies. This will probably satisfy over zealous patriots that it is to be built. It will purchase a right of way into the city in due season and even now its agents and engineers are running the line through Jackson township, in this county. Give the road a chance and it will demonstrate its own existence.

The good opinion of the public, in regard to Ayer's Cherry Pectoral, is confirmed by clergymen, lawyers, public speakers, and actors. All say it is the best remedy for affections of the throat and lungs.

"Spiral" Cotton Hose.

Lighter, cheaper and better than the best rubber hose,

Made on the same principle as the rubber lined hose used in Fire Departments, which last for years.

The cotton duck used in all rubber hose draws in water, wherever exposed, as a wick absorbs oil, and being confined by rubber generates a sulphurous gas, quickly destroying the best rubber hose. The "Spiral" Hose, having no outside covering to imprison the moisture, *will dry like a sheet.*

There are imitations, so buy only that which has one red line running through it, and which is branded "Spiral," patented March 30, '80. If your dealer does not have it in stock, let him get it.

"Untold Agony from Catarrh."

Prof. W. Hausner, the famous taxidermist of Ithaca, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sundown, my voice would become so hoarse I could hardly speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. ROBBINS, Esq., 2908 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has but to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, Runyon P. O., Columbia Co., Pa., says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

The young ladies of the Central Grammar school excurted to Rome City this morning. The party was a pleasant one and numbered 143, and as they left the south depot there was a large crowd to bid them adieu. A number of young gentlemen from the city went with the party.

There is a new collar out. It is about four and half inches high, with a turn down of about one half inch. There is more style than beauty in the collar. In cold weather it can be thrown up over the ears, and in warm weather it allows the perspiration to drop gracefully down upon the coat collar. It's a daisy.

The trial freight train on the Wabash Sunday night proved a success. Engine 1013, Marsh and Kelly, ran from Toledo to Andrews in four hours and fifty minutes. Engine 1556, Weaver and Horn, ran from Andrews to Tilton in four hours and forty-six minutes. The train consisted of a caboose and eighteen cars.

The Kendallville *News* says that the Allen county primaries gave Supt. P. S. O'Rourke a good send-off, and makes him prominent in the congressional race. Mr. O'Rourke, by the way, is not an admirer of "dark horses." He believes, and justly so, that the congressional nomination should go to the man who labored to secure the honor. He will not smile on "dark horses" at any stage of the proceedings.

Miss Jennie Lipes, daughter of Mr. and Mrs. David D. Lipes, was married at 8 o'clock last evening to Mr. Morse Harrod, of Hoagland, Ind. The ceremony, which occurred at the residence of the bride's parents, 303 East Lewis street, was performed by Rev. D. W. Moffat, of the First Presbyterian church, and was witnessed by a small party of relatives and friends. There were a number of valuable presents. The groom is a prosperous young farmer living near Hoagland.

The Auburn *Courier* says: "We see in the Fort Wayne SENTINEL the announcement of W. W. Treace, of Cedarville, as a candidate for the nomination for commissioner of the Second district in Allen county. Mr. Treace is a sound democrat and a sound business man and we know that the interests of old Allen county would be in safe hands if the people over there have the wisdom to give him the place. We venture to say that no citizen of the county is better fitted for the place than he is, and we hope to hear after their convention is over that he has been successful. The people will do themselves a credit by giving him the nomination."

The Huntington *Herald* has this rare bit of news: "One of the horses purchased by Darcy Welch some time ago, from Fort Wayne parties, proved to be the property of Mr. Duck, of Wabash. The horse was stolen from his barn last September and not a clue to his whereabouts could be found until he was seen by several gentlemen from Wabash in Mr. Welch's hands. Mr. Duck came here last Thursday but Mr. Welch had driven the horse to Huntington, where he was found Friday morning. It having been satisfactorily proven that the horse was the property of Mr. Duck, Mr. Welch delivered him into his hands. He then went to Fort Wayne and the price of the horse was refunded him by the party from whom he had purchased him."
